Mr. Darren Edgington, Environmental Planner

Mr. Rick Hendrickson, GIS Specialist

**Subconsultants**

Dr. Dennis Williams, GeoScience Water (hydrogeology)

Ms. Ann Johnston, BonTerra Consulting (biological resources)

**INTERESTED PARTIES**

In accordance with CEQA and LAFCO policies and procedures, LAFCO consulted with various interested parties and agencies through the course of EIR preparation. This included receipt of comments on the NOP, as well as Public Scoping Meeting comments (see Appendix A, *Initial Study/NOP*). Although not required by CEQA, LAFCO provided both the applicant (Valley District) and Conservation District with an opportunity to review and provide informal feedback on preliminary draft versions of the Project Description and select portions of the EIR. LAFCO has considered these comments and, where appropriate, this EIR reflects the input received during the formal and informal scoping process.
